Take small steps every day and  
eventually you will get there.

# SYLLABUS I

---

Dear Students,

Heartiest congratulations on your promotion to the next class and welcome to the New Academic Session 2024-25.

On the occasion of the circulation of this syllabus for the year 2024-25, I would like to appeal, and indeed advise you, to adopt a positive vision towards your studies to achieve the heights of success in your career development. Remember, there is no shortcut to success. Schooling is the first stage which you must clear with flying colours. Your strong foundation for career development is built at the school level and this requires a holistic approach to school and its programs.

The past year has seen numerous developmental projects undertaken at the school aimed at enhancing academic and cultural activities for your benefit. You might be aware that we have installed air conditioners in our classrooms to improve your comfort and concentration. A newly renovated computer lab has also been provided to enhance your understanding and keep you on par with your peers. Additionally, while horizontal expansion of the school is not feasible due to space constraints, we successfully created additional space for outdoor activities adjacent to our existing buildings last year. This year, we have further expanded this space for your outdoor activities, which will facilitate opportunities to showcase your talents in various competitions, outdoor games, and extracurricular activities.

The syllabus-cum-activity calendar for the academic session 2024-25 is now in your hands. Please go through it carefully as it is your guide to all the school's programs, activities, periodical tests/exams.

I extend my good wishes to you for the new academic session 2024-25.

Good luck and best wishes!

Dhan Singh  
(Founder Chairman)
